# **HWC MORNING PROGRAM**

In addition to HomeWork Club's afterschool program, HWC offers a morning program for those parents who need to drop their children off at school before 7:30am.

Students are not allowed on campus before 7:30am, parents with morning commitments are welcome to drop off their child with us. HWC's morning program is available from 7:00 am-7:55 am for \$6 per day, per child.

Once you drop your child with us, trusted HWC employee escorts older children to their class' designated spot on the yard. Kindergartens are escorted to the kinder yard, where we wait with them until they are admitted to their class. You can rest assured that your child is taken care of.

To enroll in our morning program, please fill out the 2011/2012 HWC application, which can be found at: <http://www.riversidedriveparents.org> and return it to the HomeWork Club bungalows.
